

## MIRACLES 2006

Saint Francis Hospital and Medical Center is again pleased to host MIRACLES 2006, the hospital's annual black-tie gala. This year's gala will be held on Saturday, October 7th at the Connecticut Convention Center, and will again feature dinner and dancing from 8:00 p.m. to midnight to the music of the Big City Swing Orchestra from New York City. The evening will also include a silent wine auction of collectible wines and new this year, a live auction with exclusive items for all to enjoy.

Over the past 17 years, MIRACLES has raised nearly \$8 million for a diverse array of clinical and community-based beneficiaries. Each one, in its own unique way, has contributed to improving the quality of life for the people in the Greater Hartford region. As a value-based, not-for-profit hospital, Saint Francis has a commitment to treat all and ensure that we provide the best medical care available. This means that we must seek ways to highlight that mission and raise the necessary funds to provide this care. One of the key ways to achieve this is through our MIRACLES gala which helps to support necessary programs and enables us to focus attention on some of the special care we provide.

This year's beneficiary is **New Beginnings Family Birth Care** at Saint Francis, a program that will redefine the birth experience through a new, family-centered model that will provide superior care with an innovative approach and renovated facilities. There is no greater cause for family celebration than welcoming a new life into the world, and this new approach focuses on the importance of family and will provide a safe, comfortable and nurturing setting for such a celebration.

This program and the associated renovations will be phased in over the next two years. Our gala event is hoping to raise \$500,000 to cover the costs associated with renovating seven postpartum suites. They will be equipped with the most up-to-date equipment and comforts necessary to nurture the whole family during the birthing process. It is our hope to have 30 such suites available for all of our expecting families.
